

President's Message

Hi folks,

We are now in the middle of the fall semester. I hope you all make it (or made it!) through the first wave of midterms without too much pain.

Some months ago now, in May, we had our C3 conference in Toronto, at Centennial College. I was happy to see many new faces, mostly from Ontario and Quebec. In the coming years, we hope to build up our membership base in these provinces. We were lucky to recruit a new Secretary from Champlain Regional College in Sherbrooke - Genevieve Dufresne-Martin. Welcome aboard!

Other changes to the executive include our new President-Elect, Marten Lettinga, who has been serving as a regional director for B.C. in recent years. It's good to know that C3 will be in good hands for at least a few more years. Our Past-President, Bill Blann, is now serving as regional director for Atlantic Canada. He replaces Ian McMaster, who served dutifully in the role for a number of years. Thank you, Ian! Our regional director for Quebec, Catherine Filteau (also from Champlain Regional College) was recently promoted to Academic Dean. Congratulations to Catherine. I have noticed that C3 ex-

ecutive and board members often find their careers being advanced following service with C3. So, if you are interested in that kind of thing, you might want to consider joining our board. We are *al-*ways looking for talent! The executive is getting excited about the 2010 conference hosted by Thompson Rivers University in Kamloops. Long time C3 member Bruno Cinel is the conference coordinator. It appears that Bruno is a much more serious kind of guy than I previously thought. He and his team are already very advanced in their conference planning. From the looks of it, it's going to be a good conference. We will be giving you updates on the conference throughout the year. Hope you have a great fall semester.

-Lawton

Annual C3 Conference 2009— Centennial College

The conference in May 2009 was held at Centennial College in Ontario. It was again a success with C3 members, industry members and students in attendance. Below are some pictures to highlight speakers and activities at the conference.

Editor's Note

Welcome back to the swing of things! The fall semester is in full swing....actually it is halfway over. It has definitely been a busy summer followed by a very busy first half of the fall semester. Exciting new changes have happened within the C3 executive. I would like to congratulate all our new executive members as well as those who can no longer serve. The 36th annual conference was a complete success and would like to thank all the people at Centennial College for welcoming us with open arms and showing us a good conference.

I am looking forward to the conference in May 2010 held in Kelowna, BC. I am sure hoping that I am able to attend since there is going to be a new addition to our family that is schedule to be here in March. I am looking forward to another successful year and wish all of you the best. Arlana

Call for BC Provincial Representative

This upcoming year, 2010, the C3 conference will be held in British Columbia. Our past provincial representative has been elected the President-Elect. This means that the C3 executive is in need of a representative. If you are willing to volunteer for the position or know someone who would be perfect for this position please contact any member of the C3 executive.
